BOMB THROWER IS PLACED UNDER ARREST

Confessed to Outrage and Supplied Details.

KING AND QUEEN TAKE A RIDE

As Royal Couple Passed Through the Streets of Madrid, Without Escort, in an Automobile, They Were Loudly Acclaimed by the People.

London, June 2.—A dispatch to the Exchange Telegraph company from Madrid says that the bomb thrower has been arrested; that he is confined in the Medio Dia police station, and that he has confessed and supplied details of the outrage.

Another dispatch from Madrid says King Alfonso had an even more miraculous escape than generally known. A fragment of the bomb struck him in the breast, but the force was broken by the chain of the king's Portuguese order of santiago, which he was wearing. The chain was broken, but it stopped a piece of steel which might otherwise have pierced the king's breast.

Madrid, June 2.—King Alfonso and his bride before lunch Friday rode through the streets of Madrid in an automobile, without an escort. They were loudly acclaimed by the people.

Madrid, June 2.—The officials here are beginning to believe that two bombs were hurled at the king and queen Thursday and that the missiles exploded simultaneously with only one vivid flash.

The scene which followed was like that witnessed on a battlefield. Corpses and pools of blood and wreckage were strewn upon the ground, the front of the house, No. 88 Mayor street, before which the explosion occurred, where at least 16 persons were killed was covered with holes and blood dropped from the curtains of a window on the first floor. In the apartment of the Duke of Ahumada, the Marchioness Tolosa and her daughter were killed. One body was jammed in the balcony railing, and was removed with difficulty. No. 68 Mayor street and all the nearby houses were surrounded by police who prevented ingress or egress until they had been thoroughly searched. A tenant on the third floor and a young man who was leaving the house were among those arrested.

The crowd tried to lynch the prisoners, and the police only prevented it by charging.

Numbers of people hurried to the scene to seek news of relatives, but they were not allowed to enter the buildings.

The Marquis of Tolosa, ignorant of the death of his wife, was one of those who arrived and the guards at first refused to admit him. Finally, however, he was allowed to enter and a heartrending scene followed.

The coolness of the young king was marvelous. On reaching the palace after the explosion, he sent adjutants to assist the wounded and later sent officers among the families of the victims doing everything possible to console with and assist the sufferers.

Queen Christina, the Prince and the Princess of Wales, and he Archduke and Archduchess Francis Ferdinan, of Austria, had already reached the palace and were awaiting the king and queen with the infanas.

When some time elapsed without the royal coach appearing, the Prince of Wales and Infanta Theresa, who stood waiting at the palace entrance, became deeply anxious and they were more disturbed when they saw the empty coach arrive with its bloody horses. But the royal family were finally relieved when they saw the king and queen arrive. Queen Christina embraced them and uttered her deep thankfulness at their escape. The Princess of Wales was also solicitous regarding the victims and asked for information about the fate of the Marchioness Tolosa.

It is asserted that [illegible] called in government circles Thursday night saying that this would not be the last attempt on the part of conspirators had [illegible] keeping up its effort.

This [illegible] abandonment of some features of the fetes in which the royal family were to be conspicuously present. The tragic event has already cast a deep gloom over the festivities. The people no longer show hilarity. There was a magnificent display of fireworks with street singing and dancing Thursday night, but they proceeded with lack of spirit. A pall seems to have fallen over the community.

The proximity of the coach of the Grand Duke Vladimir, of Russia, to the royal coach at the time of the explosion led many of the spectators to believe that the attempt had been made against his life, but later it was generally accepted that it was directed against the king and queen.

The courage of the queen was greatly admired. She was somewhat overcome with emotion at first, but the king calmed her, saying that it was nothing serious. Later she recovered her self-possession and bore herself well throughout the trying ordeal.

Some of those who saw the young queen alight from the royal coach, just after the explosion, say that her bridal veil touched the bloody pools on the pavement and that it bore an impress of the terrible scene as she returned to the palace.

MEMBERS OF MOB IN JAIL.

And They Are Denied the Privilege of Giving Bail.

Charlotte, N. C., June 2.—Thirteen alleged members of the mob which early Monday morning lynched John V. Johnson, at Wadesboro, N. C., are in jail at that place without privilege of bail, the charge being murder. They are:

John Niven, Lester Johnson, Zeke Lewis, Elmer A. Dunn, John Jones, J. B. Niven, Clyde Bowman, Joe Meacham, Marshall Martin, B. F. Timmons, Fred Dunn, May Gulledge and Lewis Adams.

There are warrants out for five others who have not yet been taken. The arrests were made at the village of Morven by a number of deputies and were accomplished without incident, the men claiming that they would have come in and given themselves up had the sheriff only informed them that he had warrants for them.

Governor Glenn, who passed through Charlotte after a visit to Wadesboro, declared that the crime of the lynchers was worse that that charged against the man whom they had put to death and expressed a determination to see that all known members of the mob are placed on trial.

At a late hour Thursday night the fourteenth man was arrested and put in jail, which is surrounded by guards.

Enjoins A. B & A. Road.

Atlanta, June 2.—The Atlanta, Birmingham and Atlantic railroad has been temporarily restrained by Judge Pendleton, of the superior court, civil division, from grading or in any other manner using a piece of property on Depot street in LaGrange, claimed by the Atlanta and West Point railroad. Judge Pendleton set June 9 as the time for a hearing on a permanent injunction. It is charged that the defendant tried stealthily to lay its tracks on the property in question before legally condemning it and paying the Atlanta and West Point for it.

Ordered Jockey Club Ousted.

Jefferson City, June 2.—The supreme court en banc Friday made an order ousting the Delmar Jockey Club of St. Louis, ordering the corporation dissolved and the trustees to wind up its affairs, and imposing a fine of $1,000. This action is based on the declaration that the club violated its charter in conducting races as asserted in violation of the law. The application for ouster of the club was made by Attorney General Hadley.

Early Morning Fire.

Columbus, Ga., June 2.—At 2 o'clock this morning a large barn on the dairy farm of A. & H. Reid, east of Columbus, was burned and a valuable herd of stock perished. The residence caught on fire but was extinguished.

Wants College of Commerce.

Washington, June 2.—Representative Rex Sloore, of Texas, has introduced a joint resolution requesting the government from the United States to the Pan-American College of Commerce.

JAPAN READY TO WAR WITH CHINA

Will Strike Blow in Order to Raise Money.

CHINA MARKED FOR WAR COST

War Plans, It Is Said, Will Involve Russia, England and Probably Other World Powers, in the Contest for Money to Pay Indebtedness.

Victaior, B. C., June 2.—According to advices received by the steamer Kanagwa, the Eastern World, a German paper of Yokohama, published a sensational leading article stating that Japan is getting the army into readiness with a view to forcing war with China two or three years hence.

The Eastern World says another war with China would offer promising prizes and a pretext could be soon found. The paper goes on to state that Japan's hopeless indebtedness to England and America is driving the country to plan an attack on China, by this, the Eastern World says, Japan would exact a heavy indemnity and also make permanent the precarious tenure of Port Arthur and the Liao Tung peninsula.

China is marked to pay the piper for the recent war, the Yokohama paper says, there will be no question of the rights or wrongs of the case. Japan must have more money, hundreds of millions, and a war with China would not only pay for itself, but would also pay off the present debt and practically make China the treasury of Japan and would be popular. Continuing the Eastern World says:

"The attack will probably be deferred for two or three years, so that Japan may be fully equipped for a struggle into which other powers, in the first case, probably Russia, would likely be drawn. China is arming but Japan will attack her before she can bring her naval and military force to some kind of equity with those of Japan. Whatever plans have been made, must be executed before the alliance with England expires and arranged so that Japan may, of course much against her will, defend her existence to maintain the peace of the Far East."

Want Mail Consolidated.

Washington, June 2.—Petitions signed by former Postmaster General John Wanamaker, Charles Emory Smith, James A. Garfield and Thomas L. James, Chairman Taggart, of the Democratic national committee, the Columbia university faculty the Barnard college faculty, the Columbia Grange, of New Jersey, and numerous others urging passage of the bill for the consolidation of third and fourth-class mail matter as recommended by Postmaster General Cortelyou in his annual report, were submitted to the house Friday by the postal progress league.

Are Considering Reports.

Nashville, Tenn., June 2.—The state Democratic convention was called to order for its fourth day's session Friday morning at 9 o'clock, but it was near 10 o'clock before the committee on credentials submitted its report. The report as to the eligibility of delegations in counties where there were no contests was unanimous and both majority and minority reports were submitted on contested counties. These reports are now being considered with good prospects for a wrangle.

Youthful Negro Murdered.

Columbus, Ga., June 2.—Henry Grissom, a 13-year-old negro boy, shot and killed Fannie Wilson, an 11-year-old negro girl, on the Hatcher place, in Chattahoochee county. The two children had quarreled and the boy went into a house, got a shotgun and deliberately shot and killed the girl. On account of his age he may not be prosecuted.

Voters In Ohio Endorse Bryan.

Marion, O., June 2.—William Jennings Bryan was formally endorsed for the presidency in 1908 by the Democrats of the second subdivision of the tenth judicial district, consisting of Marion, Crawford and Wyandotte counties, here Thursday.

CONGRESSMAN ADAMS SUICIDES.

Wrote Letter to Speaker Cannon Giving Cause of Act.

Washington, June 2.—Representative Robert Adams of the second congressional district of Pennsylvania, is dead at the Emergency hospital in this city as the result of a pistol shot fired through his mouth into his head with suicidal intent.

The act was committed some time between 6 and 7 o'clock Friday morning at the club chambers of the Metropolitan club, where Mr. Adams has resided for several years. It was not until 8 o'clock, however, that he was found by Horace Clark, one of the negro bell men whose habit it was each morning to carry hot water to the room. Upon opening the door, Clark found Mr. Adams entirely nude, sitting upright in an arm chair. He immediately summoned the attaches of the house, and a doctor at once was sent for.

Mr. Adams then was unconscious and the physician who was summoned pronounced the wound necessarily fatal. Mr. Adams was soon afterward removed to the hospital in a patrol wagon, where the bullet and some fragments of the bone were removed from his brain. He died at 11:10 o'clock.

In a letter to Speaker Cannon he said that the fact that my personal obligations exceed my resources is my only excuse for abandoning the responsible position I occupy in the house. I am willing to be buried at its expense, but I ask that no committee be appointed or memorial services held. I have never been in sympathy with the latter custom.

Hill and Harriman Will Agree.

Portland, Ore., June 2.—According to the Oregonian there is a prospect that the Hill and Harriman interests will come to an agreement over the track and rights along the north bank of the Columbia river, and that a double track line from Wallula, Wash., to Portland will result. During the recent visit of President Howard Elliott of the Northern Pacific, he was approached by a Harriman official and while no such an arrangement and it is understood that he did not look upon the idea with disfavor, and will probably submit the plan to President Hill, of the Great Northern. If this arrangement matures, it will mean an open entrance to Portland for the Chicago, Milwaukee and St. Paul. Both officials have been puzzled for months for a means to reach this city.

Socialists Put Out a Ticket.

Waycross, Ga., June 2.—The Socialist party in Ware county do not seem to be discouraged by their overwhelming defeat politically, here some weeks ago and have decided to put a ticket in the field for county offices in opposition to the nominees of the Democratic party. The following ticket has been placed in the field by the Socialists here: For representative, Martin H. Connor, for sheriff, W. K. Goodyear, for tax receiver, L. R. McKee, for treasurer, M. J. Murray, for surveyor, Mitchell Joiner. The Socialists will not nominate any candidates for clerk of superior court, judge city court, senate or for coroner.

Infant Negro Does Murder.

Tallulah, La., June 2.—The special grand jury began the investigation into the lynching of Robert T. Rogers, the white man who was taken from jail here Monday by a mob which came on a special train from Monroe. Many prominent citizens from Ouachita, Richland and Madison parishes have been summoned and some of them have already testified. Dr. F. A. Brown, brother of Rogers, victim, who is generally believed to have led the mob and in whose name the special train was chartered, has been on the scene awaiting the action of the grand jury.

Gomez Refuses Castro's Proposition.

New York, June 2.—A cable dispatch to the Herald from Caracas, Venezuela, says that Acting President Gomez has further refused to accept General Castro's proposition to bring the continuance of the former in office, the latter consenting to meet Senor Gomez at Los Teques Wednesday, thus compromising the rupture between the two. Senor Gomez now announces that he will call a special session of congress to consider the resignation. Twelve is [illegible] excitement here.

VOTE TO OUST SMOOT FROM SENATE

Vote of Committee Stood Seven to Five.

IS NOT ENTITLED TO HIS SEAT

The Senate Committee on Privileges and Elections Voted Unanimously to Have a Vote in the Senate at the Present Session.

Washington, June 2.—That Reed Smoot is not entitled to his seat in the United States senate as senator from Utah, was the decision of the senate committee on privileges and elections declared Friday by a vote of 7 to 5.

The decision was on Senator Dubois' resolution offered at the meeting of two weeks ago, which was carried by Senators Burrows, Dolliver, Pettus, Overman, Bailey and Dubois, and Frazier voting in the affirmative and Senators Foraker, Dillingham, Hopkins, Beveridge and Knox in the negative.

The vote of Senator Depew was not cast. Votes were had on the constitutional questions of expulsion and exclusion, after which the members of the committee expressed themselves in favor of a vote in the senate at the present session of congress. The resolution on the subject of exclusion was offered by Senator Foraker, as a test of the question whether Senator Smoot should be ousted from his seat by a majority vote of the senate, or whether by a two-thirds vote of the senate he shall be expelled from his seat. The resolution declared that it is the sense of the committee that Senator Smoot's seat shall be declared vacant. If carried, this will be equivalent to a recommendation that he be excluded by a majority vote. It was lost by a vote of 7 to 5, the affirmative votes being Senators Burrows, Dolliver, Pettus, Dubois and Frazier, and the negatives being Senators Foraker, Dillingham, Hopkins, Beveridge, Knox, Bailey and Overman.

Senator Bailey then offered a resolution, declaring the sense of the committee to be that Senator Smoot should be expelled from his seat, which would be a recommendation that the senate take the course required a two-thirds vote of the senate to unseat him. The result was a tie vote, Senators Burrows, Pettus, Dubois, Bailey, Overman and Frazier in the affirmative, and Senators Foraker, Dolliver, Beveridge, Dillingham, Hopkins and Knox in the negative.

The debate during the deliberation was indulged in by nearly every senator. That devoted to the constitutional question of expulsion or exclusion was the most heated. Senators Bailey and Overman, who argued in favor of the resolution, declaring that the Utah senator is not entitled to his seat, were of the opinion, that after the oath has been administered to a senator, the only possible procedure against him is to expel him from his seat and that there could be no question as to this procedure requiring a two-thirds vote of the senate. The senators voting in favor of the method requiring only a majority to unseat, argued that the offense, if any had been committed, existed at the time the oath of office was taken and that the protests are not in relation to any offense of origin since the oath was taken.

During the last week petitions have been sent to senators from nearly every state and territory protesting against Senator Smoot being retained as a member of the senate. The signers were women and were from nearly every state in the union.

The effect of the resolution adopted will be to place squarely before the senate the question whether Senator Smoot be excluded and under the form of the resolution proceed to unseat him by that method.

Wants Investigations.

Washington, June 2.—Representative Shepard, of Texas, has introduced resolutions for investigations by the various house committees on expenditures by the state, war, navy, interior, postoffice, treasury and department of justice also on public buildings.

SPECIAL GRAND JURY FINISHED ITS REPORT

True Bills Found Against Strobhar and Thomas Boys.

WERE IN SESSION FIVE DAYS

Returned Presentments Full of Sensation, After Which the Jury Was Discharged With the Thanks of the Court.

After a deliberation of five days, the special term of the circuit court, Eighth Judicial Circuit, State of Florida, in and for Alachua county, came to a close Saturday, after the grand jury filed into court, presented its report and presentments, and was discharged.

The grand jury came into open court Saturday afternoon, and reported true bills as follows:

State vs. J. N. Strobhar, embezzlement.

State vs. J. C. B. Thomas, attempt to bribe a juror.

State vs. W. M. Thomas, attempt to bribe a juror.

The defendants in the case charged with attempt to bribe a juror were required to give bond for their appearance at the next term of the circuit court, which was promptly furnished.

After the reading of the indictments, the following presentments were read and submitted to the court in part:

Hon. J. T. Wills, Judge of Eighth Judicial Circuit, State of Florida, In and for Alachua County:

We, the grand jurors for the special term of the circuit court, called by Your Honor for the purpose set forth in your charge to us, having completed our labors, herewith beg to present to you this, our final presentment.

In accordance with your charge, we have investigated to the best of our ability all matters pertaining to attempts to influence members of the last grand jury in certain cases which were brought before them. We regret to report that we were unable to secure sufficient evidence to indict all parties we believe to be guilty of bribery or of otherwise influencing enough members of the grand jury necessary to defeat indictments. * * *

We respectfully call the attention of our county commissioners to the law which provides for the selection of jurors and would impress upon them the wisdom of that law which prescribes the qualifications of those whose names shall be placed in the jury box. It is most essential to the administration of justice and the enforcement of law, that men of approved integrity, fair character, sound judgment and intelligence should constitute our jury panels. * * *

We feel there has not heretofore been that serious consideration in the selection of jurors by our county commissioners that the well being and weal of society and good government demands, and we would respectfully urge that in the future the utmost caution be exercised in the selection of those whose names are to be placed in the jury box as provided by law. * *

We would also call the attention of the county commissioners to the public roads, especially in the sections where logging is being carried on. Tram-roads are often constructed across the public roads of the county, without the proper or necessary attention being given to crossings, in some instances none at all. If the people who are responsible for such a state of affairs are guilty of violating any law we would recommend its enforcement. * * *

We recommend that this matter have the attention of the commissioners at once. * * *

We feel that Your Honor deserves the thanks and commendation of all the citizens of this circuit for calling the special term of court, in order that the honor of the circuit might be redeemed and the guilty brought to the bar of justice. We wish to compliment Your Honor upon the fearless and explicit charge delivered to this jury in the beginning of its labors, which enabled it to undertake its duties with a full understanding of their gravity and the law bearing upon them. * * *

From the evidence brought out before this grand jury, we find that several members of the former grand jury acted with little discretion and apparently poor judgment, and we call the attention of Your Honor to what this grand jury considers the unseeming conduct of a member of the Gainesville bar. It has come to our knowledge through the testimony of several members of the former grand jury, that irregularities existed in the office of a certain attorney. * * *

We feel warranted in condemning such conduct on the part of these jurors as well as on the part of the attorney, especially when he was interested in the outcome of charges to be brought before that grand jury. * * *

We respectfully submit these facts to the court in order that Your Honor may take such action as you may deem wise for the honor of the court and the abatement of such practices.

We wish to express to Your Honor our sincere thanks for Your many kindnesses to us during our deliberations. We also beg to assure Hon. B. P. Calhoun, State Attorney, and L. W. Fennell, Sheriff, of our appreciation of their efforts in our behalf.

Respectfully submitted,
GEO. W. HYDE, Foreman.

Gainesville, Fla., June 2d, 1906.

At the conclusion of the presentment of the grand jury, Judge Wills took occasion to thank that body for their deliberations, also for the compliments paid the court.

Judge Wills and Solicitor Calhoun have returned to their respective homes, and the week will open up with the usual quietude.

Louisville, June 2.—In the police court Friday Judge McCann handed down a written opinion holding that section 1,363 of the law statutes forbidding the sale of intoxicating liquor on Sunday was unconstitutional, but that section 1321 providing for the general observance of the Sabbath had been held to be constitutional by the court of appeals and the court was bound by that decision.

WILL SHOW THE COUNTRY.

Col. A. S. Mann and Party Passed Through Gainesville Friday.

Among the prominent visitors to this city Friday were Hon. A. S. Mann of Jacksonville, president of the Florida State Good Roads Association, C. N. Adkinson of Kansas City, Mo., and Julius Spanier of Chicago.

These gentlemen are interested in the building up of the population and the advancement of the interests of Florida, especially from a horticultural and agricultural standpoint, and are making a tour of inspection of the State. While here they visited several of the truck farms, and in the afternoon left via the Gainesville and Gulf railroad for Fairfield, from which point they took a private conveyance, and will take the surveyed route of the Gainesville and Gulf for Tampa.

Mr. Spanier is without doubt the largest colonization man in the world, and has induced more permanent homeseekers to the South and Southwest than any other two agents combined. During the year 1905 he located 160,000 families in Texas alone, all of whom are living happily and prospering there now.

Mr. Adkinson is an extensive railroad contractor, and during the past year has constructed hundreds of miles of track.

These gentlemen are touring the State with Col. Mann with a view to locating colonists. They are well pleased with the nature of the soil and other things they saw in this section, which may prove of great advantage to this section in time.

LAKE CITY SHOWS ENVIOUS SPIRIT

Restrains Removal of University Equipment From That Town.

DON'T WANT TO GIVE UP

Will Resort to Last Effort to Prevent the Removal of Equipment From the Old Seat to the New, and Will be Fought Vigorously.

It appears from those on the outside, who have manifested no interest either one way or the other except in location, that the actions now being taken by the people of Lake City, where the State University is now temporarily located, but which has been removed to Gainesville, that there is something rotten in the actions of the neighboring city, which is only forty-eight or fifty miles out of "plumb," when it comes to the center of the State.

It is well known that a gentleman by the name of Mr. Buckman, who was a representative from Duval county at the last session of the Legislature, was a shrewd man. Mr. Buckman introduced and had successfully passed a bill providing for the concentration of the educational interests of Florida, and recommending the abolishment of all educational institutions established and supported by the State, and the consolidation of these interests in a university for men and a college for women. This was a clever, level-headed scheme, and a scheme for which Mr. Buckman was to be congratulated, as it greatly decreased the expense of the State schools, at the same time giving the same service.

The bill was passed. It was familiarly known as the Buckman School Bill, and went through without trouble.

This bill also created what is now known as the State Board of Control and the State Educational Board, which boards were instructed to select the locations of the University of Florida and the Woman's College.

Lake City and Gainesville were contestants for the site of the University of Florida and the people know the rest.

Work was begun several months ago on the buildings of the University of Florida in West Gainesville. They have assumed nice proportions, and will be ready for occupancy at the beginning of the fall term. The people of Gainesville gratituously agreed to permit the Florida Agricultural College, which had been abolished under the same law and rule as was the East Florida Seminary in this place, to continue the winter term and spring terms of the University in Lake City, but look at this from The Times-Union of June 2, which is a dispatch from Lake City:

"Lake City, June 1.—An injunction was served this afternoon restraining the shipment of the equipment of the university from Lake City. One distinctive ground of the injunction is that the Agricultural College, an equivalent of which is retained as a department of the new university, was located at Lake City in consideration of the donation of the necessary grounds on which to locate the campus, experimental farm and the erection of the main building being donated to the board of trustees; that the removal of the Agricultural College is involved in the permanent location at Gainesville, and its removal from Lake City; that this is not made in the Buckman act, but by act of the joint Board of Control, for which no reason exists, can be given or ever has been given."

It is to be regretted that the people of Lake City are taking this matter so hard. We do not believe the whole people of that city are associated in this wrangle, as the people of Lake City as a rule are people of refinement, and will easily submit to a lost point.

A Case of Gratitude.

Editor of Sun: The readers of your paper who favored the abolition of the saloon will doubtless be pleased to read the following:

A negro woman from the country with a basket of blackberries on her arm which she was offering for sale at the residences she visited, accosted one of our lady friends of the W. C. T. U. with the inquiry: "Buy any berry?" "Yes, I will take a quart."

Lem'me sell you all I'se got for you to make wine—will sell 'em mighty cheap."

"No," replied our friend, "we are all temperance people and don't drink wine."

"Dat so? Well, you folks hab done me a sight 'o good," she returned, pausing to empty the purchased berries.

"How?" asked my friend. "Did you husband drink?"

"Yes ma'm, he did for sure, an' when he come to town to buy porrisons he buy whiskey instead, and go home without anything for us to eat. When I talk to him 'bout it he say, 'you better shet up—if you don't want to get a beatin'."

"Well, does he carry your provisions home now?"

A broad smile of satisfaction spread over her dusky face as she replied with emphasis: "Yes ma'm, sure. I ain't had no more bother since your folks done a heap of good for me, and I hope the barroom ain't gwine ter come back no more." Subscriber.

ALLEGED HORSE THIEF.

Micheal Berry Apprehended Upon Serious Charge of Stealing a Horse.

Marshal Chas Dinkoson is ever on the alert when it comes to chasing down alleged criminals. Friday night he arrested Micheal Berry, colored, charged with serious offense of stealing a horse, it having been alleged that Berry stole a horse from the stables of the Gainesville Furniture Company the night previous.

The horse was stolen, and a notice appeared in The Sun offering a reward, but whether or not Berry is the guilty man, he will have an opportunity of proving in Judge Mason's court Monday morning.

Wait for Hunger

Good Advice From J. W. McCollum & Co. as to How to Create an Appetite.

Any physician will tell you that it is unwise to eat unless one is really hungry. It is far better to miss a meal than to eat without appetite.

But do not take a tonic, stimulant or appetizer to make you hungry. J. W. McCollum & Co. say that the best way to create an appetite is to restore the digestion to health by the use of Mi-o-na stomach tablets, a reliable remedy that they are handling with the best of satisfaction.

When Mi-o-na is used the irritation and inflammation of the stomach coating will be smoothed, the gastric follicles will be strengthened so that they will pour out the natural digestive fluids with regularity, and the food you eat will be perfectly digested without distress.

A large box of Mi-o-na stomach tablets is sold for 50 cents by J. W. McCollum & Co., and it is so successful and reliable in curing indigestion and other stomach troubles, with the exception of cancer of the stomach, that they sell it under a guarantee that the money will be refunded unless it does all that is claimed for it.

Deep water means deep-draft vessels for a port. When Jacksonville gets her appropriation, which she is sure to receive this term of Congress, many a heavy laden vessel will leave for foreign ports.

Judge Malone in Tallahassee last Friday sentenced eight violators of the whiskey law to one year in State prison, or a fine of $1,000 each. The Judge is determined on an enforcement of the law, Leon being a "dry" county.

The people of Gainesville and Alachua county invite immigration. The latch-string is always wafted to the breeze, and bids desirable citizens—Americans or foreigners, enter. And this is not a repetition of the story of the spider and the fly, either.

District Passenger Agent Frank C. Boyleston of Jacksonville says, "'Tis no trouble to answer questions" but judging from the replies some agents give one would be lead to believe that local agents think different. This does not apply to Gainesville agents, however.

Reports from the Ocala meeting of the State Press Association indicate that while the attendance was not so large as had been anticipated, the meeting was a most interesting and enjoyable one. The papers read were exceptionally of a high order both in interest and merit.

All Florida feels proud of Jacksonville and the excellent progress she is making in the development of her commercial and shipping industries. A recent report shows a tremendous increase in the latter, 129 vessels having crossed the St. Johns bar during the month of May.

It has been suggested that the trustees of the Andrew Carnegie hero fund present a medal to the lady who osculated that distinguished capitalist upon the occasion of his recent visit to Atlanta. And the sprightly Constitution adds that it might be Andy himself who deserved the medal.

The Ocala Banner and Star showed up-to-date journalism in their handling of the report of the proceedings of the Press Association in that city last week—publishing in full not only the proceedings from day to day but all the papers read at each session, something that has never been done before.

The world will deplore the sensational anarchistic manner in which the royal ceremonies at Madrid concluded, by the throwing of a bomb in the midst of the proceedings. The sympathy of the world is extended the Spanish government upon this misfortune, and it is the international desire that the offenders be brought to quick justice.

Last Monday evening Mr. Tom F. McBeath of this city delivered the annual address to the graduating class of the Leesburg High School. In speaking of this address the Leesburg correspondent of The Times-Union says: "Prof McBeath's address was a treat. In both literary production and moral tone it more than sustained his well earned reputation as an educational leader in the South."

M'BEATH MAKES A HIT.

Tom F. McBeath, editor of The Florida School Exponent of this city, is coming in for a shower of compliments from the press gang for his unique response to the mayor's address of welcome at the Ocala meeting of the Press Association last week. The response which was in verse was a rich blending of humor, satire, sentiment and character sketching, in which each of the leading newspaper men of the State came in for his share of good-natured criticism and appreciative criticism. Here is what The Sun got:

"That man over there who looks like he's weary—
But he isn't, he's shamming—is Brother McCreary,
Who keeps up at Gainesville a private grave yard
In which every few months he plants a fresh sward
O'er the mound where he's laid to a rest, calm, eternal,
Some political opponent, or some dead rival journal.
Like Ulysses S. Grant, he is sparing of speech,
And like him when once he endeavors to reach
Some object or end, though fate otherwise plot it,
He'll keep hammering away with a will till he's got it."

Speaking of this effort of Mr. McBeath, which was published in full in The Ocala Star, The Ocala Banner and The Times-Union, The Live Oak Democrat says: "Poet laureate of the press gang in the 'Cracker State,' he is by right of conquest. We mean Tom McBeath of The Florida School Exponent. Crown him with laurels, deck him with magnolias, festoon him with sawgrass, or anything else convenient to mark the distinction he has won. That poem of his read before the Press Association was unique, sui generis, peerless and unapproachable."

The people of Florida are to be congratulated upon the recent instruction of the general land office, United States government, for an extensive reservation in this State, to be set aside as a forest reserve. The manner in which the once magnificent forests of Florida have been demolished by certain industries for personal profit for the past few years is deplorable. The Sun does not wish to be understood as opposing any industry, as the strong arm of labor and industry is what makes the country; but, with many others, it does object to the mutilation of our trees under certain dimensions, which has been and is yet being done. These trees should be protected by law, and the result would be the protection of our forests to the extent that they would not be layed bare by the woodsman's axe.

A nervy shoplifter is Mae Thomas of Omaha, Nebraska, whom the press reports declare stole a $300 diamond from a jeweler, and upon being detected swallowed the gem for safe keeping. She was hauled up in justice court, when an X-ray was brought into commission and the precious stone located. The court ruled that the stone was the property of the jeweler, if he could get it. It became evident that an operation would become necessary, endangering the woman's life, and this she positively refuses to undergo. It might become necessary to secure a writ of mandamus compelling the fair one to "open up."

The laying of the corner-stone of the proposed elegant new court house of Levy county at Bronson, notwithstanding that the ceremonies occurred on Friday, marks a new era of progress for our sister county. There were present upon this occasion nearly a thousand patriotic souls, and the function, which was under the auspices of the Masonic fraternity, was one which will remain green in the minds of these who witnessed them for years to come. Success to Levy county and her noble and progressive sons.

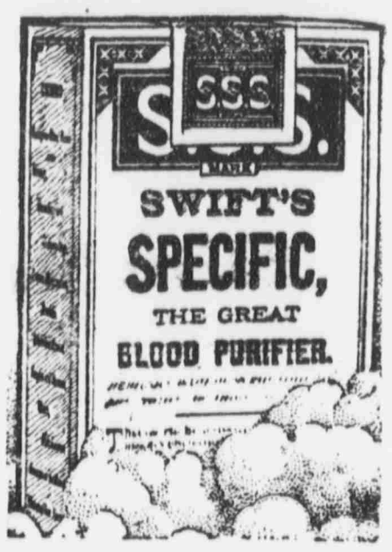
THE KING OF BLOOD PURIFIERS



No other remedy has given such perfect satisfaction as a blood purifier and tonic or is so reliable in the cure of blood diseases of every character as S. S. S. It is known as "The King of Blood Purifiers," and the secret of its success and its right to this title is because **"IT CURES DISEASE."** It is an honest medicine, made entirely of purifying, healing roots, herbs and barks, which are acknowledged to be specifics for diseases arising from an impure or poisoned condition of the blood and possessing tonic properties that act gently and admirably in the up-building of a run-down, weakened or disordered condition of the system.

One of the greatest points in favor of S. S. S. is that it is the only blood remedy on the market which does not contain a mineral ingredient of some kind to derange or damage the system. It is the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family, and persons who have allowed their systems to get in such condition that most medicines are repulsive to the stomach will find that S. S. S., while thorough, is gentle and pleasant in its action, and has none of the nauseating effects of the different mineral mixtures and concoctions offered as blood purifiers.

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs and poisons. So long as it remains uncontaminated we are fortified against disease, and health is assured; but any impurity, humor or poison acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison etc., are all deep-seated blood disorders that continue to grow worse as long as the poison remains.

Gentlemen:—S. S. S. is used as a family medicine in our home. I myself have taken and always found it what it is claimed to be. It thoroughly cleanses the system of impurities, increases the appetite, improves the digestion, and builds up the general health. I have given it to my children with fine results. It promptly restores the appetite and clears the skin of all eruptions. It is a very fine blood tonic and has my hearty endorsement.
124 S. 9th St., Lebanon, Pa. P. H. THOMPSON.

But all blood diseases are not acquired; some persons are born with an hereditary taint in the blood and we see this great affliction manifested in many ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and as the taint has been in the blood since birth the entire health is usually affected.

In all blood troubles S. S. S. has proved itself a perfect remedy and has well earned the title of "KING OF BLOOD PURIFIERS." It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, and supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic this great medicine has no equal, and it will be found especially bracing to weak, anaemic persons. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.

How Thos. W. Fielding Got Into the Second Primary.

The Democratic Executive Committee for Baker county met at McClenny on May 21st, to consider the returns of the first primary election, and Mr. W. E. Baker of Gainesville attended the meeting as attorney for Thos. W. Fielding, and during a part of the proceedings Mr. Fielding was present at the meeting. Mr. J. M. Rivers also attended that meeting.

When the Committee convened they found that one of the candidates for the Legislature from that county had filed a protest against canvassing the votes on account of certain irregularities which he alleged in his protest. The Committee, in investigating the charges made, opened the ballot boxes from Sanderson, Olustee and McClenny precincts. The official returns from Sanderson precinct showed that for State Attorney, Calhoun received 14 votes, Fielding 37 votes and Rivers 77 votes. The official returns from McClenny precinct showed that for State Attorney, Calhoun recived 21 votes, Fielding 39 votes, Rivers 21 votes. No returns were found in the Olustee box, but from unofficial returns Mr. Fielding then claimed to have received 30 votes in that precinct, Rivers 10 votes and Calhoun 3 votes. From reliable unofficial returns from Glen St. Marys precinct it was then known that Calhoun received in that precinct 25 votes, Fielding 38 votes, Rivers 14 votes. Mr. Fielding then claimed to have reliable information from Johnsville precinct showing that Calhoun received 5 votes in that precinct, Fielding 48 votes, Rivers 11 votes. Therefore the official returns from two precincts of Baker county showed that Calhoun received 45 votes, Fielding 76 votes, Rivers 98 votes. And the unofficial returns from three other precincts of Baker county showed that Calhoun received 33 votes, Fielding 116 votes, Rivers 35 votes, and by adding these together it is seen that in five precincts of Baker county Calhoun received 68 votes, Fielding 192 votes, Rivers 133 votes. The canvass of the vote for State Attorney by the State Committee shows that in all the counties except Baker county, Calhoun received 1,255 votes, Fielding 1,101, Rivers 1,201 votes; by adding to this the votes of five precincts of Baker county we see that Calhoun received 1,320 votes, Fielding 1,293 votes, Rivers 1,334 votes. This is the vote for the entire Eighth Judicial Circuit except Baxter precinct, where it is known that the vote was small, there being only 29 votes cast for all candidates for State Attorney, and from the best information these were divided nearly equal among the three candidates for State Attorney, but if Fielding had got all of them he would not then have votes enough to put him in the second primary.

Mr. Fielding, and his attorney, Mr. Baker, after obtaining evidence of the facts, on the 21st day of May conceded that Mr. Fielding did not have votes enough to put him in the second primary.

On the 23d day of May, after Mr. Fielding had investigated the matter and found that he did not have votes enough to put him into the second primary, he swore to and filed with Hon. D. U. Fletcher, chairman of the State Democratic Executive Committee, the following protest:

FIELDING'S PROTEST.

To the Honorable Duncan U. Fletcher, Chairman State Democratic Executive Committee:

Now comes Thos. W. Fielding, candidate for State Attorney in and for the Eighth Judicial Circuit of Florida, and enters his protest against the action of the Democratic Executive Committee for Baker county, Florida, in their failure and refusal to canvass and to certify to the State Democratic Executive Committee the votes cast for the office of State Attorney in said county at the primary election held on the 15th day of May, A. D. 1906, and for grounds of protest assigns the following:

First—The said Democratic Executive Committee of Baker county had no jurisdiction to determine the valadity of such primary election as to State candidates, and acted without authority of law in refusing to canvass the vote of said election as to State candidates and to certify the same to the State Democratic Executive Committee.

Second—That the Executive Committee of Baker county acted without authority in declaring the result of said primary election held in said county null and void without making a proper investigation of alleged irregularities, and without hearing testimony as to such irregularities and certifying the same to the State Democratic Executive Committee for consideration in reference to State candidates.

Third—That the said Democratic Executive Committee of Baker county absolutely refused to canvass the votes cast in the said county at the primary election held on the 15th day of May, A. D. 1906, as to any of the State offices, and absolutely refused to certify the result of the said primary election to the State Democratic Executive Committee.

Fourth—That the final action taken by the said Democratic Executive Committee of Baker county was in secret session.

Protestant further shows that from information received from said Baker county, the vote received by this protestant was sufficient to enter him in the second primary election to be held throughout the Eighth Judicial Circuit of the State of Florida, on the 12th day of June, A. D. 1906, in this that the protestant from information received immediately after the election, received 186 votes in said Baker county, and J. M. Rivers received 82 votes in said county and B. P. Calhoun received 100 votes in said county, that, without the said vote from Baker county this protestant will be in the said second primary election. Wherefore, this protestant respectfully requests that the said vote of Baker county which was cast at the said primary election held on the 15th day of May, A. D. 1906, be canvassed and the returns thereof certified by the said State Democratic Executive Committee as to the vote for State Attorney for the Eighth Judicial Circuit of Florida, as required by law and the rules of this committee.

Respectfully submitted,

THOS. W. FIELDING, Protestant.

STATE OF FLORIDA, }
BAKER COUNTY. }

On this 23d day of May, A. D. 1906, personally appeared before me, Thomas W. Fielding, who, after being duly sworn deposes and says, that all the said matters and things as set forth in the above and foregoing protest are true.

THOS. W. FIELDING.

Sworn to and subscribed before me the day and date as aforesaid.

W. E. WAINWRIGHT,
Notary Public, State of Florida.

On comparing the vote contained in Mr. Fielding's protest with the returns from Baker county, it will be seen that he gave Mr. Rivers only 82 votes in the entire county of Baker, while the official returns from Sanderson precinct gave him 77 votes, and the official returns from McClenny precinct gave him 21 votes, making 98 votes that Mr. Fielding knew that the official returns show that Mr. Rivers received in two precincts of Baker county.

ACTION TAKEN BY STATE COMMITTEE.

Before the State Committee convened, Mr. A. V. Long, who is Mr. Fielding's law partner, and who is known to favor the nomination of Mr. Calhoun, was present taking an active part in trying to get Mr. Fielding into the second primary. The fact that Mr. Long is a member of the State Committee gave him opportunities for accomplishing this object, and the close consultations between him and the member of the State Committee from Putnam county, who was firm in the espousal of Mr. Calhoun's cause, made it apparent to every observer that they were working together. When the matter came up before the State Committee, no attempt was made to find out what the vote of Baker county really was, but the incorrect statement of the vote contained in Mr. Fielding's protest was accepted as conclusive, and the first thing done was a motion to place all three candidates in the second race. An amendment to this motion was offered by Ex Gov. Fleming, but Messrs. Long and Fielding had done their work too well, and the amendment was promptly voted down. Then the motion was adopted through the combined efforts of the friends and partisans of Mr. Calhoun and Mr. Fielding.

REASONS FOR PUTTING FIELDING INTO SECOND PRIMARY.

The friends of Mr. Calhoun readily saw in the situation and knew that he had polled practically all the votes he could hope to carry in a second primary against either of the other candidates, and with Mr. Rivers as his only opponent his defeat would be the inevitable result, and hence the well laid plans to get Mr. Fielding into the second race in the hope of dividing Mr. Rivers' votes became a necessity in Mr. Calhoun's campaign.

People will not be deceived.

These tactics are too plain to decive any voter, and whoever investigates the situation from an unbiased standpoint will readily understand the whole scheme and the people will know that the only way to get a change in the office of State Attorney for the Eighth Judicial Circuit of Florida is to go to the polls on the 12th day of June and vote for JOS. M. RIVERS.

The rock train will be placed in commission this week on the Florida East Coast Railway hauling material for ballasting the road. They will be engaged on the branch between Jacksonville and St. Augustine.

The Independent Order of Beavers of Jacksonville gave its annual outing to the children Friday. Elaborate preparations were made for the event this year, as the Beavers were desirous of making it the most successful ever held.

St. Lucie county will have their roads built the right way. At a public meeting held in Ft. Pierce a resolution was adopted to request the county commissioners to employ an expert road man to make surveys and investigate character and cost of the various available road material.

The citizens of the Fourth commissioner's district of Lake county voted almost unanimously at the recent election to make that a special road district and to authorize a levy of three mills for the building of hard roads. The citizens of that district will "pay as they go" in the matter of hard roads and have given another instance of the enterprising spirit Florida breeds.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman scratching her head a great deal, you may be sure she has dandruff to attend to. Nothing is more common than dandruff. There are hundreds of preparations that "claim" to cure dandruff, but science has proved to Newbro's Herpicide that dandruff is the result of a germ burrowing into the scalp and that a permanent cure of dandruff and its consequent falling of the hair can only be had by killing the germ. All other preparations are of no use. Herpicide is the only preparation that will destroy the germ. Get Newbro's Herpicide (Quick), the cause and you remove the effect. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

LEVY COUNTY PEOPLE HAD A GRAND TIME

Nearly a Thousand Were Present at Laying of Corner Stone.

LEVY COUNTY COURT HOUSE

Will be Constructed at a Cost of $15,000, and Will be One of the Most Comfortable and Most Commodious in This Circuit.

The laying of the corner stone of the new court house for Levy county, which occurred under most auspicious circumstances on Friday, was an event that caused great pride to the good people of Levy county, as it should, for the new building is to be a magnificent structure, to be built of brick and stone, at a cost of $15,000. It will be a reproduction of the Bradford county court house, and will be a credit and an honor to the county.

The occasion of the laying of the corner stone was observed with great dignity and splendor. The function had been well advertised, and inasmuch as there was a big picnic and barbecue, accompanied by speaking, a great crowd was present from every section of the county and from elsewhere.

Hon. Napoleon B. Broward, Governor of Florida, was orator of the day, and it is said by distinguished gentlemen present that Governor Broward adapted himself to the occasion and delivered the best oration of his life. He was warmly received and loudly applauded.

Among other speakers were Hon. Syd L. Carter of this city, one of the most widely known attorneys in the circuit, who spoke on the history of the old court house and the lawyers who had practiced therein. The candidates for State attorney from this district, all three of whom were present, made stirring talks and interested their hearers deeply

Editor Oliver J. Farmer and Tax Collector Anderson acted as masters of ceremony, Mr. Farmer having presided at the meeting

There was a big dinner, including a barbecue at which nearly a thousand people were fed. There was everything good to eat as free as the air, with the result that the occasion was a big success.

FIELDING THANKS SUPPORTERS

And Asks Their Support in Second Primary.

To the Citizens of the Eighth Judicial Circuit:

By a decision of the State Democratic Executive Committee the three candidates for State Attorney are all to go before you again for a decision, and for my part I wish to most sincerely and cordially thank those of you who interested yourselves in my behalf in the first campaign and to ask you to stand by me to the close of the contest, when, if I am defeated, I shall bow gracefully to the will of the people and if I am elected shall strive earnestly to so discharge the duties of the office that there shall be no room for regret that the choice fell upon me.

The decision of the State committee was based on the failure of the county committee of Baker county to make returns of the election held in that county. From the conflict of such unofficial reports as could be had from that county it was impossible for anyone to tell definitely who of the three candidates occupied first, second or third place in the first contest. The reports sent out from there immediately after the election gave me a majority in the county over both Messrs Calhoun and Rivers, eliminating Mr. Rivers from the contest and placing me in the second race with Mr. Calhoun, who, according to these figures, led me by only 68 votes in the entire circuit. But in considering the matter the State committee took the ground that it could not consider these rumors, and that in the interest of fairness and justice we should all go back into the second primary and the one receiving the highest vote to be declared the nominee. This arrangement was approved by myself and friends and opposed by Messrs. Calhoun and Rivers and their friends, but it was so manifestly fair and just to all three parties concerned that the resolution was adopted by the State committee by an overwhelming majority.

Of the stand taken by Messrs. Calhoun and Rivers I shall offer no word of criticism. Mr. Calhoun thought he could beat Mr. Rivers and Mr. Rivers thought he could beat Mr. Calhoun if I were put out of the contest, and entertaining this view it is perhaps only natural that both of them should have sought the advantage.

Of my own attitude I wish to say only that I wish the contest for State Attorney settled on a basis fair alike to myself and the two gentlemen who oppose me.

Again thanking you for the support given me at the first primary and soliciting your further favor, I am,

Very respectfully,
THOS. W. FIELDING.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

BURN BOY AT STAKE.

Tragedy Results From Mock Imitation of Red Men in W. Virginia.

Montgomery, W. Va., June 2.—The 5-year-old boy of Robert Maroney, of Cedar Grove, Kanawha county, was led to a stake and burned to death by playmates who were emulating the character in mock imitation of Red Men recently presented by members of a local lodge in the public hall at that place.

The Maroney child who was the "Pale Face," was bound to a fence post. A quantity of shavings were piled about his feet, and lighted, the flames communicating with the child's clothing and in a moment the little body was wreathed in flames.

The children realizing what they had done, struggled to tear away the burning material and rescued the child alive, but he soon died.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by all druggists.

Woman Highly Honored.

New York, June 2.—A special to a morning paper from Cambridge, Mass., says that Mrs. Wilhelmina Patton Fleming, who has achieved fame through her discovery of stars in connection with her work as curator of astronomical photographs at Harvard observatory, has been elected a member of the Royal Astronomical Society of London. She is the first American woman and the third of her sex to receive such honors. More star discoveries are credited to Mrs. Fleming than to any other person in the history of science.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. It is as good for children as it is for grown up people, and I recommend it. It is fine for la grippe." Sold by W. M. Johnson.

FIRST MELON TRAIN PASSED FROM SOUTH

Atlantic Coast Line Handled Special of Fourteen Cars.

THE FRUIT LOOKED FINE

Indications Were That the Melons Were of the Finest Quality, as the Shape and Appearance Were Fine. Consigned to Northern Markets.

The movement of melons from the south has began in earnest, as on Saturday a special train passed through this city over the Atlantic Coast Line pulling fourteen cars, loaded principally with watermelons, although there were a few cars containing tomatoes, cucumbers and squash, with an occasional sprinkling of cantaloupes.

The train was from points south as far as Trilby, and the shipments were confined to the New York and Eastern markets. The watermelons appeared to be perfect in shape, well matured.

The acreage of watermelons and cantaloupes in Florida, especially in this section, will be larger this season than for several years, and indications are that the fruit will be of better quality. The Griffing Bros. Company alone have a tract of 400 acres near Richland, while the farm near McIntosh, which is the largest in the State, will cover nearly 1,000 acres.

The grower has prospered this season as far as his yield is concerned, and if prices are right money will be plentiful in the districts growing melons.

The train mentioned is the first solid train of the season. It might really be termed a melon train, as eleven of the fourteen coaches were loaded with watermelons of the first variety.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Both Guilty Was Verdict.

Spring Place, Ga., June 2.—The trial of Joe Swanger and Jim Franklin in Murray superior court for the murder of Hon. A. K. Ramsay ended Thursday afternoon in a verdict of guilty with a recommendation to mercy as to Franklin, and a consent verdict of guilty with a recommendation to mercy as to Franklin, and a consent verdict for assault and battery as to Swanger. Judge A. W. Fite passed a life sentence as to Franklin and gave Swanger one year in the chaingang, thus ending one of the most deplorable tragedies that has ever occurred in this part of the state.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with exeruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

SLAIN TO SECURE MONEY.

Well Known Wilkes County Farmer Is Shot to Death.

Washington, Ga., June 2.—News of the assassination of William Q. Bryant, a prosperous farmer of Wilkes county, reached Washington Thursday. About 6 o'clock Thursday morning he was found prostrate in the door of his house near Bessele, Ga., with a gunshot wound in his right side which had evidently produced instant death. No evidence has been found that will give a clew to the identity of the person who committed the deed.

Mr. Bryant was last seen alive at the store of R. B. Aycock at Bessie, Wednesday night about 9 o'clock. He returned to his home and was seated in an armchair in the hallway near the door when the fatal shot was fired. No one in the neighborhood heard the report of the gun and the first intimation that was had of the murder was obtained when the negro servants came to Mr. Bryant's house and found him cold in death. He was 56 years old and lived alone.

It had been noised about recently that he was in possession of about $100 which he kept secreted somewhere in his house, and this is perhaps the cause of the assassination, as Mr. Bryant was a quiet and unassuming gentleman who held the respect and esteem of all who knew him. He leaves no family. The verdict of the coroner's jury was that Mr. Bryant had come to his death at the hands of unknown parties.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse water discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effects of the cold and restores the system to a healthy condition within a day or two. Letter to W. R. Thomas,

Gainesville, Fla.

Dear Sir: Good yarn. How we got our agent at Delhi, N. Y.

Gladstone & Paine were agents for ——————; we mustn't tell names. We wanted 'em. Paine was painting his big Colonial house. Said it took 10 gallons of white for the trim.

We sent him 10 gallons and said: If you get it all on, no pay; if you have any left, return it and pay for the rest. Agreed.

He returned four gallons and took the agency. Four or five years ago. He knows now that his old paint was and is adulterated; that's why it took ten gallons to equal six of ours.

Go by the name; there is but one name to go by. Devoe lead-and-zinc.

Yours truly,

F. W. Devoe & Co.,
